

STICKER

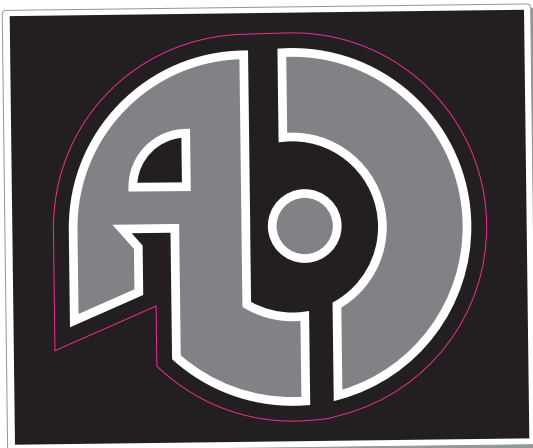

"FANCY" FULL COLOR STICKERS

What makes a sticker "fancy"? Any of the below:

- some ink runs off the edge of the final peeled sticker
- the final peeled sticker is a custom shape

EXAMPLES!

SPECIAL SHAPE
SUPPLIED BY CUSTOMER

Full color CIRCLE stickers are delivered on square sheets, but peel into perfect circles

Another nice circle sticker example
You can also print in the peel-away area as long as you don't mind seeing that bit get tossed when your friends peel & stick
(Great for web addresses)
